HAYWARD MUST DIE.

FOUND GUILT OF THE MURDER OF CATHERINE GING.

Hayward Displayed His Usual Nerve as the Verdict Was Read In the Court-room—A Threatening Mob Crowds Around the Prisoner as He Was Being Taken to Jail.

MINNEAPOLIS, March 11.—"Guilty, as charged." That is the verdict rendered in the case of Harry Hayward, charged with the murder of Miss Ging, Friday, and it was the end of one of the most sensational murder trials ever held in this country, lasting over seven weeks.

It was a day of intense excitement in the vicinity of the courthouse. There was great fear that if a verdict exonerating Harry Hayward was rendered a mob would lynch him. Harry Hayward, his life trembling in the scales, was the coolest individual in the court-room.

HARRY T. HAYWARD.

It took Judge Smith 40 minutes to read his charge to the jury. He declared that the verdict must be "guilty, as charged," or "not guilty."

The charge was perfectly satisfactory to both sides, and no exceptions were noted. It was generally conceded to be fair and impartial. The jury retired just after 11 o'clock.

The ruling passion in Harry Hayward was strong in the presence of death. He placed a bet of $10 that the verdict would be acquittal, and that it would be reached inside of two hours.

As soon as court reconvened after dinner the jury notified the court they had reached a verdict. They were brought in and handed in their decision. Judge Smith took the paper and gave it to the clerk to read.

"We, the jury, find the prisoner guilty" was read and every eye was turned toward the condemned man.

A cooler man than Harry Hayward under such circumstances never lived. There was nothing in his face to indicate that he had heard a word. He threw his face back, but it was only to adjust his collar band.

At 2:45 o'clock Hayward was taken down stairs and led back to jail under a strong police guard, for there was a threatening mob, although a verdict of guilty was rendered. An immense crowd awaited the prisoner's coming. He grinned at the mob as it pushed forward over the pavement toward him. He was taken across L street on a dog trot with the yelling mob at his heels.

CATHERINE GING.

"Goodbye, Harry, old boy!" cried one man at the top of his voice, "you're a dead duck!"

"Not yet," said Hayward loudly, to be heard in a rush of 200 feet, "Not quite a dead duck yet."

The officers massed around their prisoner and Harry was safely landed in jail. Whatever the demonstration might have meant, it resulted in nothing.

To illustrate the consummate nerve of the accused after he had been taken over to jail he turned to one of the officers with the remark: "Lets play a game of cards," to which the reply was made, "I'll come in there and play, Harry, if you'll promise not to hypnotize me."

The death sentence will be passed upon the prisoner today.

Duke Deocellles Dead.

PARIS, March 8.—The Duke Deocellles is dead.

THREE MASKED MEN.

They Beat Two Men Badly and Torture a Woman.

GREENVILLE, Pa., March 8.—Reports of a daring robbery which occurred near Shaakleyville have just been received. Three masked men entered the residence of Mrs. Ross, mother of Stephen Ross, a well known music dealer of this place, and, after beating two male occupants of the house into insensibility, they attempted by severe torture to force Mrs. Ross to disclose the hiding place of her gold. They blistered her feet and forced her to disclose the hiding place of some $50, and, leaving their victims bound and gagged, they drove away in a buggy, heading toward Greenville. The rig was traced to a point just at the city limits, where the buggy was left.

SHOT BY BANKROBBERS.

Cashier Leach Fatally Wounded by Two Men In Iowa.

DES MOINES, March 7.—Cashier Leach of the Bank of Adel was perhaps fatally shot by bankrobbers at Adel Wednesday morning, who escaped with an unknown amount.

FIREMEN FATALLY INJURED.

Detroit Hook and Ladder No. 5 Collides With a Train.

DETROIT, March 8.—As the hook and ladder truck No. 5 was crossing the railroad track at Canfield avenue yesterday a train dashed into and wrecked it.

The following firemen were fatally wounded: Driver Anthony Korte, Steersman Christian Goetzel and Lieutenant Charles L. Chase. Captain Wirth was badly bruised. All were sent to the hospital.

AFTER THE BIG FIGHT.

Oklahoma Offers $35,000 For the Corbett-Fitzsimmons Mill.

KANSAS CITY, March 11.—G. Wilhelm, president of the Kremlin Sporting club at Oklahoma, writes to a local paper that he is authorized by the club and citizens of that town to offer a purse of $35,000 for the Corbett-Fitzsimmons fight. This is a raise of $10,000 over the Perry bid.

Smallpox Scare.

JEFFERSON CITY, Mo., March 11.—This city is experiencing a smallpox scare. It is reported that the disease is in several towns within a few miles of here. The state board of health has issued a proclamation prohibiting sheriffs from all the counties in the state from bringing prisoners to the penitentiary while the smallpox exists in so many towns in the state. A resolution was introduced in the house to establish necessary quarantine.

Two Coaches Wrecked.

SPENCER, Ind., March 8.—Two passenger coaches on the Indianapolis and Vincennes railway were ditched between Marco and Sandborn Wednesday. A broken rail was the cause of the wreck. MINERS ENTOMBED.

SEVEN MEN FACE DEATH IN A MINE IN NEW MEXICO.

Fire Breaks Out In the Changeroom and Completely Destroys the Mine. Smoke and Gas Make It Impossible For Rescuing Parties to Get Below the Third Level.

GREENVILLE, Miss., March 11.—It is announced here on reliable authority that United States Senator J. Z. George will not be a candidate for reelection at the expiration of his present term.

Under Mississippi's new constitution legislators are elected only every four years, and the only regular session of the legislature to convene before the expiration of Senator George's term in 1899 will be the body composed of members elected in November next and convenes on the first Monday in January, 1896, which body will elect a successor to Senator George.

This public announcement of the determination of Senator George to retire will prove a political sensation in Mississippi, and several prominent men will at an early date enter the contest for his seat. It is already understood that Congressman H. D. Money, John Allen and ex-Governor Robert Lowry, have their eyes on the place.

There is no reason so far given for the determination of Senator George to retire from congress at the close of his present term, except that after nearly 30 consecutive years in public life, 18 of which have been served in the senate, desires a rest from such exacting duties.

READY FOR PEACE.

A SEVERE REMINDER

CULBERSON SENDS A SECOND MESSAGE TO THE LEGISLATURE.

He Calls the Attention of the House and Senate to the Fact That Nearly Sixty Days Have Passed and no Consideration Yet Given Any of His Recommendations.

AUSTIN, March 6.—Governor Culberson's message sent to the house and senate Tuesday has caused a considerable stir in the legislative circles. It called the attention of the lawmakers to the fact that not a single recommendation in his first message had been considered, although nearly 60 days had elapsed since the session began.

It was a strong and severe reminder, and, while it does not find favor with some of the members, they cannot resist a certain admiration for the courage of the young executive. Of course the message was a surprise. Nothing like it has ever been seen before, and it is universally pronounced an exhibition of nerve that even his predecessor was never known to display.

CHARLES A. CULBERSON.

The senate passed several bills, and on the strength of Governor Culberson's second message passed a resolution providing for night sessions, which will begin at once.

The first bill taken up was the senate bill to abolish imprisonment as a part of the punishment for carrying a pistol. It was passed.

The house bill authorizing the board of managers of the state orphans' home at Corsicana to sell, lease or dispose of surplus artesian water from the wells on the grounds, was taken up, read the third time and passed.

Senate bill relating to fees in the general land office was recommitted to the appropriate committee on motion of Mr. Simpson.

The senate took up the house bill to suspend the forfeiture of the free school school and other lands for the nonpayment of interest, etc. It was read the second time and considered by sections. Several slight amendments were offered, adopted or lost, and the bill was finally passed.

The house passed the bill providing for city boards of finance.

Greer's bill, providing for the transfer of the Confederate home from private to state management and establishing rules for its government, was passed under suspension of the rules.

AUSTIN, March 7.—The committee on rules reported unfavorably on senate resolution to abolish secret executive sessions.

The house bill to encourage irrigation was passed by a vote of 21 to 1 under a suspension of the rules.

The senate bill to amend the incorporation laws, action being on an amendment to permit incorporation for the purpose of doing a retail business, was lost by a vote of 16 to 8.

The senate spent most of the day on the Rogers corporation bill. A number of sections were acted upon, but the bill was not completed.

The house passed the Mills tax bill to engrossment after eliminating railroad and telegraph companies.

AUSTIN, March 8.—In the senate yesterday Senator Dibrell introduced a resolution condemning Governor Culberson's message of criticism of the legislature as untrue and uncalled for.

The resolution was tabled by a vote of 12 to 11.

The senate also passed a concurrent resolution providing for the holding of an election in August to decide on a constitutional convention.

The house is laboriously forging through the Cosgrave bill.

A joint resolution was introduced by Burney providing that congressmen and other officers be selected by the method of proportional representation.

AUSTIN, March 8.—Nothing was done in either house this morning. At noon the house was still wrangling over the Giles land bill, trying to fix the price of agricultural land at $2 per acre.

The senate discussed the bill to validate bonds, etc. The bill was read the third time and passed by a vote of 19 to 3.

"Dear Sirs: I wish to make a statement in regard to my case. In January, 1890, I was taken down with pains in my back and kidney trouble, and at the same time became afflicted with gravel. THE Dockery commission shows more than 5000 government employes who have one or more kinfolks in the public service.

Since congress adjourned, Grover's gout has so far disappeared that he is able to spend most of his time now hunting and fishing.

No democrat now, since his party has been tested with unhampered power, can give any other reason for being such except "my father was a democrat." Democracy, modern democracy, is a helpless wreck, totally dependent upon blind prejudice for its longer existence.

IF Bailey and Mills make a joint canvass of this district their speeches will be worth going miles to hear.—Sherman Register.

It is generally understood that Mills is despondent over his terrible fall from popular favor, but it will be a shock to the public to learn of his suicidal intent of baring his goozle to Buldozer Barlow Bailey.

Sequel to an Elopement.

Chicago, Ill. March 12.—Pauline C., daughter of Chief Justice Fuller, filed suit for divorce from her husband, James Aubrey. Mrs. Aubrey had not lived with her husband for some time. The divorce bill is a sequel to an elopement The complainant ran away with Anbrey to Milwaukee and was married to him six years ago.

Congressman Black Resigns.

Atlanta, Ga., March 12.—The resignation of J. C. C. Black at congressman from the tenth district was yesterday accepted by Gov. Atkinson, who will, at an early day, call an election to fill the vacancy This is the district represented in the fifty-second congress by Tom Watson, populist, and in 1892, Black defeated Watson and in the last election again contested the seat. Black was elected on the face of the returns, but frauds being charged on both sides he has resigned and the race will be run over again, this time under a strict registration law passed by the last general assembly.

Interpreter did the Courting.

Denison, Tex., March 12.—Enoch Groggin and Thomas Hughes, white men, were married last Sunday in Tishomingo, I. T, to Sallie Kemp and Laura Hawk respectfully, The ladies are Chickasaw Indians and are ignorant of English The grooms are Americans and do not know anything of the Chickasaw tongue. During their courtship, which only lasted two weeks, their wooing was done with the aid of Silas Collins, an interpreter. How it was managed the News correspondent is not informed All that is known is that they are lawfully married and that the interpreter is out of a job.

Coal Miners Win.

Pittsburg, Pa., March 12.—The miners of the Pittsburg district claim that the victory is theirs; that they have won the strike for higher wages. With the capitulation of the river operators to the demand for sixty-five cents per ton, 8000 miners went back to work at union wages. In the rush of resumption of work miners from railway mines have been furnished work. There are also 6000 men at work at union rates in the railroad mines, according to the figures of mine fficial. Thus 16,000 out of a total of 22 000 in the district are now at work at the 69-cents rates and the miners claim that the battle is won, for the remaning operators can not afford to keep their mines closed and let the trade go to competitors.

MINE STRIKE SETTLED.

Clarsburg, W. Va., March 12—After being in session all night, the managers of Pinnickinnick, Glen Falls and Farnum mines and their emyloyes arrived at a settlement, Work was resumed this morning. The operators were granted the rate of 35 cents per ton, which is the price asked by the men for machine mining. The other differences were compromised.

Mayoralty Campaign.

Decatur, Wise county Texas, March 11.—The populist of the city met Saturday in convention and nominated S. W. Snyder for mayor. The election is in April. This action on the part of the populist will compel the democrats to have some kind of a primary, as they have three candidates.

It cannot be that earth is man's only abiding place. It cannot be that our life is a bubble cast upon the ocean of eternity, to float a moment upon nothingness. Else why is it, the high and glorious aspirations, which leap like angles from the temple of our hearts are forever wandering about unsatisfied? Why is it that rainbow and cloud come over us with the beauty that is not of earth, and then pass off and leave us to muse upon their faded loveliness? Why is it that the stars which 'hold their festival around the midnight throne,' are set above our limited faculties, forever mocking us with their unapproachable glory? And, finally, why is it that bright terms of human beauty are presented to our view and taken from us, leaving the thousand streams of our affection to flow back in Alpine torrents from our hearts. We are born for a higher destiny than that of earth. There is a realm where the rain bow never fades-where the stars will be spread out before us like the island that slumbers on the ocean, and where the beautiful beings which here pass before us like shadows will stay in our presence forever —Exchange.

Mrs. William K. Vanderbilt should be happy. She has been granted a divorce from her husband with an annual allowance of $250,000, the custody of her three children and a permit to wed again if she should choose; while her divorced millionaire husband is enjoined from ever taking unto himself another spouse.

Local Option Election.

The local option contest in McKinney voting precinct, which by far has overshadowed all other questions in interest that has been before our people for several years past, was ended in yesterday's election. A heavy rain fell the night previous so the farmers had nothing else to do but to come to town and vote and they came too. The contest was very spirited for the past two weeks, especially; circulars were scattered every where by both sides and speaking was a nightly occurrence at the various school houses in the precinct.

Col. Hardison of Arkansas, who spoke in the court house Monday night and Judge Homan of Dallas who closed the campaign for the pros Tuesday night were the most distinguished non-resident lecturers to speak in the precinct. Ed Crutcher, Revs Morris, Miller, Lewis; Hon, G. R. Smith were the most active speakers pro and con.

While Judge Homan was speaking to a large audience in the opera house Tuesday night the colored voters, headed by their band, were being rallied by the antis.

Early Wednesday morning the town began to fill up with voters and some were attracted through curiosity from the surrounding country and towns who were not voters.

When the polls opened representatives of both sides were on hand and remained through out the day watching with eagle eyes each ballot cast. So intense was the interest carriages might be seen coming and going in every direction hauling voters who were not able to walk to the polls, and up till the time for the closing of the polls both sides were confident of victory.

It only took a very few minutes after six o'clock when the polls closed for the judges to count the ballots and a mighty yell from the pros that instantly rent the air upon the announcement of the result told who had triumphed. Following is the vote which is the largest ever polled in McKinney:

N. McKinney, for local option	527
N. McKinney, against local option	429
Majority for local option	98
S. McKinney for local option	470
S. McKinney against local option	437
Majority for local option	33
Total majority for local option	131
Total vote cast	1863.

LATER:

It is announced that the result of the election will be contested on the ground that the law was not complied with in recording the petition.

—To the Populist Clubs of Collin County.

The Central Populist Club of Collin county will meet at opera house in McKinney at 10 o'clock a. m. Monday April 1st 1895. Business of vital importance to the party in this county and matters of interest to the reform cause at large will be discussed. Everything points to a rapid disintegration and dissolution of the democratic party, as a national party. The rapidly approaching political crisis places the peoples party in a position that may lead to an early victory if good judgement prevails and a wise policy is pursued. On the other hand rash action might lead to disaster and the annihilation of our party. These questions the populist of Collin county should consider, and exchange ideas in their quarterly meetings. Let every club in the county be represented at the April meeting.

Each club is entitled to one delegate and one additional delegate for every ten members.

Remember the day and date,

The Public Credit.

The most farcical of the recent bond deal between President Cleveland on the one side and Belmont and Morgan on the other is the pretense that it saved the public credit. It seems to us that it exhibited the weakness of the public credit to an alarming extent and magnified the credit of the Rothschilds and the Morgans. If any Cincinnati merchant should suddenly announce that there was great danger that he could not meet his numerous obligations, which were payable on demand and were liable to come upon him at any moment, he would be pretty likely to precipitate the catastrophe, and all his notes payable on demand would be presented for payment. If he should accompany this outcry against his own credit with the announcement that he had put himself in the hands of money lending sharks, and he would get them to shave his paper at whatever rate they might demand, it would not be an exhibition calculated to increase his financial standing. If then it should be announced that he had bridged over his difficulties by getting his own paper shaved at 15 per cent discount in order to meet notes on demand, he would be regarded as a bankrupt and his credit would be lost. He could still borrow money if he had good security but his own name would not strengthen his paper.

This is precisely what has been done by the United States government in the recent outrageous bond performance. This great nation has gone on its knees to the greatest pawn broker in the world—the house of Rothschilds. It has clamored for a loan as some desperate man might do who wanted to pay a gambling debt in order to save himself from public disgrace, and the government has given its obligation for $1 20 for every $1 04 it has borrowed. This is a bonus of about fourteen per cent. It would destroy the credit of any business man in the United States to borrow money on such terms.

This is a plain, square proposition for the consideration of business men It requires no mysterious financial ability to understand it. The president has dragged the credit of his country into the mire for the benefit of the money lenders, and has allowed them to take and carry away nine millions of dollars belonging to the people. What they have done with the amount and who they have divided with will probably be a matter of inquiry for the next Congress.—Cincinnati Enquirer

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

The United States Of To-Day

Mr. S. B. Lynn called at our office a few days ago and showed us a work which is being introduced in this county, with a request that we examine it. We are in a position every day to judge of books and reading matter but we consider this book, entitled the "Hand book of the United States," the best book of the kind ever issued from the press. It is not a history, but a description of our country as it is to-day, the result of four centuries of progress. History deals with the past, while this deals with the present. We have never before seen any thing like it, or its equal in quality of paper or character of illustrations for the price asked for it. It is published by America's most complete art printing works, The Matthews-Northrup Co., Buffalo, N. Y. Every family needs just such a work, and every young man and young woman ought to possess a copy. We have ordered a copy for ourselves and we would be glad to know that every person in the county who is trying to improve himself, or the minds of his family, had done the same.

"Perhaps you would not think so but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is when you have one get rid of it as quick as possible, By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by H. C. Herndon.

A severe rheumatism pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. When all he could do he could not rest and as it said he applied Chamberlain's Pain Balm, and only made three applications of it he says, "And have since been free from all pain." He now recommends it to persons similarly afflicted. For sale by H. C. Herndon.

PRICKLY ASH, POKE ROOT AND POTASSIUM

Makes Marvelous Cures in Blood Poison Rheumatism and Scrofula

P. P. P. purifies the blood, builds up the weak and debilitated, gives strength to weakened nerves, expels diseases, giving the purest health and happiness where sickness, gloomy feelings and lassitude first prevailed.

For primary, secondary and tertiary syphilis, for blood poisoning, mercurial poison, malaria, dyspepsia, and in all blood and skin diseases, like blotches, pimples, old chronic ulcers, tetter, scald head, boils, erysipelas, eczema—we may say, without fear of contradiction, that P. P. P. is the best blood purifier in the world, and makes positive, speedy and permanent cures in all cases.

Ladies whose systems are poisoned and whose blood is in an impure condition, due to menstrual irregularities, are peculiarly benefited by the wonderful tonic and blood cleansing properties of P. P. P.—Prickly Ash, Poke Root and Potassium.

SPRINGFIELD, MO., Aug. 14th, 1893. —I can speak in the highest terms of your medicine from my own personal knowledge. I was afflicted with heart disease, pleurisy and rheumatism for 35 years, was treated by the very best physicians and spent hundreds of dollars, tried every known remedy without finding relief. I have only taken one bottle of your P. P. P., and can cheerfully say it has done me more good than anything I have ever taken. I can recommend your medicine to all sufferers of the above diseases.

Capt. J. D. Johnston.

To all whom it may concern: I hereby testify to the wonderful properties of P. P. P. for eruptions of the skin. I suffered for several years with an unsightly and disagreeable eruption on my face. I tried every known remedy but in vain, until P. P. P. was used, and am now entirely cured.

SEQUIN, TEX., January 14, 1893.
MESSRS. LIPPMAN BROS., Savannah, Ga.: *Gentlemen*—I have tried your P. P. P. for a disease of the skin, usually known as skin cancer, of thirty years' standing, and found great relief; it purifies the blood and removes all irritation from the seat of the disease and prevents any spreading of the sores. I have taken five or six bottles and feel confident that another course will effect a cure. It has also relieved me from indigestion and stomach troubles. Yours truly,

[DELAYED COMMUNICATION.]

Bethany, Tex., Mar. 4, 1895.

Editor Democrat:

People are very busy plowing up their last year's crops and putting in this year's. Most everybody is done sowing oats and have commenced planting corn.

Health is not very good at this writing. Most everybody is sick with bad colds, and a few cases of la grippe.

Mr. Jeff Powell is the happy father of a little girl, that arrived at his house the 26th of February.

Mr. Frank Mathews admitted a little stranger to his house on the 20th ult.—a little boy.

The population of Bethany is increasing very rapidly; we will soon have a town worth talking about.

The Bethany Y. P. S. C. E. went in a body to Lebanon yesterday and held their meeting by a special invitation from the good people of that place. We had a delightful time and a splendid meeting.

Mr. Will Carpenter spent Saturday and Sunday at Hill Town.

Mr. Spencer will start tomorrow for Illinois.

Mrs E. T. Durham is visiting in Van Zant county.

Mr. Porter Tipton, of Oklahoma, is here visiting his mother, Mrs. R. W. Carpenter.

Misses Jennie Mathews and and Hattie Blackwell, of near McKinney, are visiting friends here, this week.

Messrs. Will McCoy and Buck Anderson will start to Tarrant county to-morrow to be gone a week.

Our public school closes this week. The literary will still go on. We have splendid debaters. The subject for Friday night is the Women's suffrage question.

Brother Faulkner preaches here next Sunday at 11 o'clock and at night.

Brother Bennie Forbes preaches on the 4th Sunday.

Don't forget the Single Tax debate on the 29th inst.

Bowlby Greetings.

Bowlby S. H. Mar. 10, 1895.

Editor Democrat:

The rain which we had on last Wednesday night will be of much benefit to wheat and oats.

Corn planting is the order of the day now. The largest per cent of the crop in this neighborhood will be corn this year.

Hog cholera is reported in the community.

Mr. Lewis Rutherford on returning from work last Friday evening went to feed and found that one of his work horses had been kicked to death by the other horses in the lot.

We are sorry to say that Mrs. Perkins is very sick.

It has been reported that measles and chicken pox were in our school.

Mesdames J. A. Crutcher, Will Mathews and Misses Jennie Mathews and Eva Lou Crutcher visited our school last Friday evening to hear the recitations and spelling, which was very good.

Miss Mary Fraze visited Miss Virgie Breakbill last Sunday.

A. R. Hickey and Aron Duncan attended the Hackberry literary last Friday night.

Mr. Monroe Watson and family visited Mr. John Turner to day.

Mr. Joe Crutcher and sister, Miss Eva Lou, attended a social at the residence of their uncle, Mr. T. R. Crutcher, near Walnut Grove, last Tuesday night.

Dr. A. T. Bryant made a flying visit in our neighborhood last Saturday evening.

Eld. Crutcher spoke at this place, on prohibition, last Thursday night, with a large attendance. He took a vote and all were prohibitionists except two. EASTERN

When the cuckoos fall away from Mr. Cleveland, who will be left to love him? John Sherman is a gay old deceiver and can not be relied on unless he gets the big end, in which case Stetson, Pierpont Morgan and other partners will be left out in the cold.—McKinney Enquirer.

DR. HARTMAN

Said In a Recent Lecture on Chronic Catarrh and Consumption.

Catarrh of the lungs is, ordinarily, known as consumption also called tuberculosis In these cases the catarrh has usually found its way into the lungs by the gradual extension of the disease from the throat through the bronchial tubes. Consumption is the natural termination of all cases of neglected chronic catarrh. Every one who is afflicted with chronic catarrh is liable to be attacked with consumption at any time. In the first stages of the disease Peruna is a sure cure; in the later stages of the disease Peruna can be relied upon to produce great benefits and in a large per cent of cases produce a permanent cure All those afflicted with this dread disease should begin at once the following treatment:

After, all other means have been tried in vain; after doctors have pronounced the case hopeless and friends have given up in despair; after the patient has lost all faith and the incessant care of attendants seem futile, still there is hope in Peruna. Send for a free copy of Family Physican, No. 2, a complete treatise on chronic catarrh, coughs, colds, la grippe and consumption. Address The Peruna Drug Manufacturing Company, Columbus, Ohio.

Some Parting Words to Winter

Farewell, grim monster. I bid you godspeed to your dark cold, dismal abode. Had I the power of Zeus, I would chain you to a mountain, where, for a thousand years, you might rave and howl and fling your cold white mantle over that grim phantom, the North Pole.

Your visit has been long and your ravages great. Thou demon how I would love to see your hoary locks singed in hades!

But few there are who sing your praise, and as for them, I would they could take you in their arms as a nursling and rock you to an everlasting sleep, that your raving might never smite my ears again. All suculent and green vegetation are sweet morsels for your rapacious maw.

Thallo laid upon your altar some late violets and goldenrods, but like Cain's offering, they were rejected, or failed to appease, at least.

So at thy bidding old, Boreal led the van; and on you, come, to pillage, you insatiable monster! I walk forth; the woods and fields are desolate; all blossoms and the green leaves and the nutricious grasses have died under your withering breath.

Not the virus of belladonna and the poison oak had power to smite back; to inflict wound for wound; to avenge your insolent touch.

Go blow your bazoo in dark caverns and grottoes, to frighten gnomes and specters who have held their fiendish orgies with skeletons for ages untold; then waltz around the polar circle for a season, at least, and sing your doleful dirges to the aurora borealis,

Go to your home, where the reaper can't sow;
Where white bears roam over desolate snow.
Here let leaves, blossoms and wild roses grow.

—J. O. C. in Murphysboro (Ill.) Era.

PROBABLY the most important event of the closing century occurred at high noon, Monday, Mar 4, when the democratic 53d congress did the only commendable act of its existence—that was to adjourn. And now democrats are jubilantly warbling their anthems of thanksgiving and frantically endeavoring to outdo each other in expressions of contempt and disgust at their own incapacity But mind the prediction, these celebrations and thanks-givings inside of the next eighteen months will be spent defending this same outrage openly or shielding it by their silence—such is the composition of modern democracy, and all thes alleged exulting manifestations are phantoms to deceive,

A Chance to Make Money.

I am delighted with my success selling Dish Washers; in the last six weeks I made $534, and was sick part of the time, I think this is pretty good for an inexperienced lady. I am surprised there has never been a good Dish Washer put on the market before, as everyone seems so anxious for one. It certainly is a popular demand that is unsupplied, and that means big money for the agents that supply the demand. I believe any woman or man can make from $5 to 12 a day any where in this business, and by addressing the Iron City Dish Washer Co. E. E. Pittsburg, Pa., you can get full particulars it simply requires a little push You can't expect to make money unless you try, I would like to have the experience of others of your readers in this business. Alliance Proclamation.

Issued by the President and Executive Committee of the Order in Texas.

The state executive committee of the Texas Farmers' Alliance yesterday issued the following proclamation, which they request reform papers to copy from The News:

Dallas, Tex., March 6.—The members of the Farmers' Alliance Industrial union of Texas: Dear brothers and sisters— We the president and executive committee, at our regular semi annual meeting in Dallas, March send out to you for your information and encouragement the following report of our work:

At the last state meeting the president and executive committee were instructed to memorialize the national alliance on the protest of the state alliance against paying national female dues, and in compliance with this instruction we filed our protest with the secretary of the national alliance After persistent efforts we succeeded in obtaining such a recognition of states's rights as to leave this matter with each state, and Texas is thus able to fulfill her promise to the sisterhood that they shall pay no dues. The male dues are to continue as before—5 cents semi-annually—to be sent with the April and October reports.

Realizing the necessity of funds to carry on our work, we appeal to the brotherhood to be prompt in making their reports,

As to the order in our state we consider the outlook encouraging. Everywhere is harmony and many of the county reports exceed those of several quarters previously, while some are double their preceding reports and from many come the promise to set systematically to work to reorganize their counties at once, and nearly everywhere there seems to be a forward move all along the line.

Brothers and sisters, the perpetuity of our form of government, yes, of our very homes, depends on our feality to our beloved order and our propagation of its fundamental principle. Then let every brother and sister who loves the little one about their knees lose no time to thoroughly reorganize all the material about them and go on building up to that goal of prosperity so easily attained by properly directed effort.

The father of this noble order yet lives, with white hairs, trembling on the verge of eternity, and no true alliance man or woman but would grasp the palm of the venerable patriarch in whose brain the idea was first conceived, and if the providence of God does not direct otherwise you can have that opportunity the third Tuesday in next August, for we have accepted the proposition of Lampasas county to hold the next state meeting there and give our veterans an opportunity to tread that holy ground and rally around the birth place of our order.

FIRE AT TOLEDO.

The High School Building Destroyed by Chemical Explosion.

TOLEDO, March 11.—The Toledo high school building, a 4-story brick structure and one of the best appointed educational institutions in this part of the country, was completely destroyed by fire this morning. It was a little before 2 o'clock when a loud explosion that blew out the east wing of the building started the few pedestrians who happened to be on the street. In a moment the fire burst out from the heart of the structure and spread so rapidly that the building was doomed before the fire department could reach it.

The explosion probably was caused by chemicals in the laboratory. The loss is estimated at $150,000, with what insurance is not known.

POLICE BATTLE WITH TRAMPS.

One Is Killed, Two Wounded and Twelve Placed In Jail.

ROONE, Ia., March 11.—Police were called out late Friday night to quell a disturbance by tramps at the Rail mill, east of town, which the tramps had taken possession of.

When the officers arrived at the mill they were attacked by tramps. The police used their revolvers.

Jim Freeman was shot through the heart and instantly killed.

Tom Lanman, another tramp, was shot through the breast and fatally wounded.

A third tramp was shot through the arm.

Twelve of the tramps were captured and placed in the city jail.

RAN INTO AN OPEN SWITCH.

A Serious Wreck In Which Two Persons Are Killed and Several Injured.

ATLANTA, March 9.—A terible wreck occurred yesterday on the Southern railroad at Scotland just this side of Brunswick. The express ran into an open switch which had been turned and nailed down.

The track was torn up, two sleepers overturned and several freight cars demolished.

Mrs. C. H. Suber of Perkins, Miss., and her baby were instantly killed and several others badly hurt among whom were several members of Roland Reed's company.

GREATEST FOR TEN YEARS.

Many Applications Made For Railroad Lands In California.

SAN FRANCISCO, March 9.—As an evidence of business revival W. H. Mills, land agent of the Central and Southern Pacific railroad, says the demand for town sites and lumber lands is greater than at any time during the past 10 years. Applications for lots and school sites since January have been greater than during all of 1894. Recently a purchaser was found for a large body of land owned by the railroad at Hornbrook, on the Oregon boundary.
